MEDICAL GAS EQUIPMENT

## Twin Flow Selector Rail Mounted, Straight Bar 100mm

- **No Calibration required EVER**
- **Lightweight construction**
- **Available with International Fittings**
- **7 Year Warranty**
- **7 Year service Interval**

Excellent performance and robustness, coupled with a very lightweight design.

For use in all Hospital and Emergency environments, the Twin Flow Selector is designed to be plugged into Medical Oxygen Wall Outlets.

The Meditech Twin Flow Selector, Rail Mounted, Straight Bar has been designed to deliver precision flow rates, without the need for any calibration. Its fitted with a universal size rail mount for most rail systems. It has a standard 2M hose length (other hose lengths available upon request).

**AVAILABLE GAS TYPES:**  
OXYGEN | MEDICAL AIR | ENTONOX

Can be supplied in either of two formats: Push-Fit 'Firtree' Fitting for direct attachment on a Oxygen Therapy delivery system with a threaded outlet fitting for the attachment of a humidifier.
